**BESKRIVNING**

Welcome home Life Traveller! This is your guide to a peaceful place inside, filled with joy and love. It will teach you how to use your feelings and all of your senses to understand the experiences that life brings. Sensitelligent is ?the intelligent use of your senses? and this book offers practical advice on how to use all of those senses ? both physical and higher. For many, spirituality is a mystery, but this book will bring deep spiritual knowledge in a logical and practical way related to your life situation and work environment. It will guide you to transform fear and control issues and enable you to trust and intuit, helping you to build trust in yourself and your experiences ? one of the most important steps to a harmonious life. Open this book at any page and follow your own path. Learn to be present and to trust the first feeling you have ? the intuitive thought that guides you to higher consciousness. You will become more positive and grow with the guidance and spiritual wisdom. This book will invite you to return to it many times as you gain more insight. Let it be a companion on your Life Journey!
